

# Wealth Of Knowledge.

They say it's not what you know, it's who you know. We disagree. We say it's both.

At Hamilton Capital Management, our experienced team of advisors includes 11 Certified Financial Planners®, four CPAs, a Chartered Financial Analyst®, two attorneys and four professionals with master's degrees in business administration, taxation, financial planning and accounting.

That may explain why we've been named to *Wealth Manager* magazine's list of the nation's Top Wealth Management Firms each of the last seven years and why we were ranked among the country's top 100 independent advisers by *Financial Advisor* magazine in 2008. Because we have more than a knowledge of wealth. We have a wealth of knowledge.
