New Albany
Surgical Hospital

AT THE SUMMIT OF PATIENT SATISFACTION. AGAIN.

For the third straight year, Mount Carmel New Albany Surgical Hospital has received the Summit Award from national healthcare research firm Press Ganey Associates for sustained excellence in patient care. Just being considered for the award requires a three-year ranking in the 95th percentile for patient satisfaction. We're proud to rank in the 99th.

As an orthopedic and musculoskeletal specialty hospital serving patients from all over Ohio, we're honored to be the only hospital in the state and one of only 12 in the nation to earn the award in the inpatient category. We're also proud of the physicians, associates and management team whose exceptional service keeps us at the summit by making patient care their top priority.
