TrackTALK

New Year, New Courses

The Mid-Ohio School has offered one of the most comprehensive driving and racing instruction programs in the country for more than a decade. But for 2006, we're going one better. Actually, make that four better.

We're expanding our 10-course offering by four to bring our curriculum to 14 premier driving programs. That means there are now even more reasons for drivers of all skill levels to take on the challenge of The Mid-Ohio School.

The four new additions include Advanced Defensive Driving, Open Track Testing & Tuning, Competition Licensing School, and NASA Coaching. They become part of a complete course offering that already includes our popular Acura High Performance Courses, Honda Teen Defensive Driving Program and Corporate Driving Experience.

ADVANCED DEFENSIVE DRIVING focuses on essential vehicle dynamics and takes car control to the next level. Drills include advanced braking, skid car, shifting, handling, and cornering utilizing Mid-Ohio's new quarter-mile Keyhole oval.

Competitors who are looking for some pre-race track time can take advantage of **OPEN TRACK TESTING AND TUNING**, which will allow them to scrub some tires, calibrate brakes, and fine tune their car for upcoming Mid-Ohio race weekends.

Working through simulated qualifying, side-by-side lapping exercises, practice starts, and on-track race situations is the idea behind our **COMPETITION LICENSING SCHOOL**. Graduates also will be eligible to receive a National Auto Sport Association (NASA) Competition License to go racing.

The **NASA COACHING** program will be offered on Fridays of NASA Regional events at Mid-Ohio. Participants will get a lead-follow lapping session, "shotgun" rides around the track, and debriefing sessions with the people who know the track best – The Mid-Ohio School's instructors.

Learn more about these exciting new classes and our entire course offering today by calling 1-877-793-8667 or visiting www.midohio.com/school. You'll be glad you did. And if you're a racer, your competitors will wish you didn't.

Sweet Holiday Savings

NASA Members Can Earn Licenses, Discounts

The more than 10,000 members of the **NATIONAL AUTO SPORT ASSOCIATION (NASA)** have a lot to look forward to at **MID-OHIO SPORTS CAR COURSE** in 2006.

First, the association's inaugural national championship event, the NASA Championships, will be held at Mid-Ohio September 11-17. The event will feature road racing, time trial, autocross, drifting and rallying competitions in multiple classes for NASA-member racers.

Second, The Mid-Ohio School has been named NASA's official driving school. As such, we're offering a **SPECIAL DISCOUNT ON ALL SCHOOL COURSES FOR NASA MEMBERS**, and are even offering a new Competition Licensing School that can earn members a license to compete in more than 120 NASA events nationwide. For members entered in the NASA Regional events at Mid-Ohio, we're also making an exclusive **NASA COACHING** program available to teach the "ins" and "outs" of the track.

To become a NASA member, visit www.nasapracing.com for a list of racing and competition programs. For discount details and enrollment information from The Mid-Ohio School, visit WWW.MIDOHIO.COM/SCHOOL or call 1-877-793-8667.

Fleet Upgrade Another Advantage

Enhancing the on-track experience is the goal of every off-season at The Mid-Ohio School. This year, in addition to adding four new courses to our curriculum, we're adding three new models to our fleet.

Thanks to the outstanding ongoing support of longtime sponsor American Honda, the school will be outfitted with all-new 2006 Acura TSX sports sedans, Honda Civic EX Coupes, and Honda S2000 roadsters.

The lightweight TSX features a 200-horsepower i-VTEC® engine, a close-ratio 6-speed transmission, and the sporty A-Spec performance package.

The all-new Civic EX has received rave reviews for its design and performance and will be the staple of our Honda Teen and Adult Defensive Driving Programs.

The S2000 is Honda's flagship roadster and the official pace car of Mid-Ohio Sports Car Course. It's as fast as it is beautiful, and will be available to students for specific drills in select high-performance courses.

If you needed another reason to try The Mid-Ohio School or return for a refresher course, this is it. Check out the new models at www.honda.com, then push them to their limits this spring at The Mid-Ohio School.
