New Year. New Dawson.

New Approach. New Focus.

For more than 20 years Dawson Works has been central Ohio's source for light industrial staffing.

During that time we've adapted to the changing needs of our clients and the market – from the tightening talent pool to the rising importance of corporate culture. It's led us to look for people with more than just job skills. It's led us to finding perfect fits.

That's why temp-to-hire is all we do now. It's something no other staffing firm in central Ohio is offering, and we're certain it will give you better people, better performance and better results for the time and money you invest in staffing.

To make it happen, we've consolidated our offices to bring all our expertise and resources together to serve you better.

We'd love to talk with you about what the new Dawson Works can do for you and your business. Give us a call at **(614) 255 1356** or visit **dawsonworks.com** to learn more about this revolutionary approach to light industrial staffing.
